# Case Study

“ The whole project was managed wonderfully resulting in a fantastic new looking offices for the team.

Would I use Absolute Office and JF Nott again.... Definitely!”

Lorraine Phair  
Managing Director

## The Requirement

Essex based recruitment consultants; Pursuit Recruitment are highly respected, well established and very successful employment consultants helping professionals find permanent and temporary jobs in the Essex area.

Pursuit Recruitment like to build honest, reliable relationships with their clients and strive to achieve the same with their suppliers.

Moving to new offices in Chelmsford, located in a centralised situation in the town centre, all new office furniture was required to create a modern, lively and inviting environment.

Pursuit Recruitment value people, so when plans were being drawn up for their new office layout it was important that equal consideration was given to their staff and their clients.

It was essential that the office environment was flexible and adaptable to suit a range of daily activities.

## The Solution

A modular JF Nott reception area was installed in a classic maple finish with stylish silver kick plates, combined with the Pursuit Recruitment logo mounted to the back wall, provided a striking but welcoming entrance into the company.

The general office area was fitted with 80:80 bench desks, and polycarbonate desk mounted screens to provide privacy without the loss of light. The bench desking allowed the user to dictate how much room they required for the task in hand, providing flexibility within the office for various tasks.

Lockable storage units were a crucial factor in the office as large amounts of personal information relating to candidates would be stored. JF Nott's versatile StorageWall product was installed, providing ample storage for all records.

Boardroom and Meeting rooms were all fitted with matching tables finished in maple along with leather visitors chairs. In addition, within the Boardroom, a media wall with wipe clean white boards and projector facilities were incorporated into the StorageWall.

Absolute Office managed to meet Pursuit Recruitment's brief in full, on budget and with spectacular results.
