Re: Absolute Office Solutions

The Chelmsford to Billericay move took place in June 2004. This was a complicated project with a tight schedule of April – June which resulted in only 3 days downtime, 3rd – 5th June, the actual move dates.

Mark Healey, from Absolute Office Solutions, was central to the success of this project. He project managed the office storage and furniture installation, meeting all deadlines and working closely with UNICEF UK stakeholders and the building project manager.

The Absolute Office Solutions team were flexible, amiable and easy to work with; they listened to our needs and came up with ideas and solutions. Any minor problems were dealt with speedily and effectively.

I continue to use Absolute Office Solutions for any alterations required at Kingfisher House and receive the same excellent level of service and efficiency.

Sandy Hellier

Head of Supporter Services
